

Dear KMS Families,

I am excited to be entering my second year as Assistant Principal here at Kickemuit Middle School. Last year I felt embraced by KMS and its close knit community of students, educators and parents. I look forward to working with our community to ensure our learners have an enriching middle school experience.

My background in special education drives my belief in the importance of looking at the whole child and celebrating student individuality. Building strong relationships and providing social/emotional support are critical components to unlocking student potential and inspiring excellence in our middle school students. Our team of administrators and educators work tirelessly to ensure that we provide a safe environment for students to learn and grow.

As a future ready school we strive to provide students with authentic learning experiences in preparation for college and 21st century careers. I look forward to watching our students shine as they meaningfully engage in our rigorous curriculum.

We encourage our KMS Huskies to become "Part of the Pack." We offer a wide variety of extracurricular clubs/activities, performing arts and athletic teams.

Here's to an incredible school year. I look forward to partnering with you to inspire and support our KMS Huskies.
