May 27, 2020

Dear MHHS seniors and community at large,

Thank you for your patience as the Rhode Island Department of Health (RIDOH) advised the Bristol Warren Regional School District on the appropriate course of action following a positive COVID-19 test result for one of its students. The student is doing well. RIDOH has completed its contact tracing and is now working with impacted individuals to ensure they understand appropriate prevention measures and, where necessary, they have what they need to quarantine safely. Information on prevention, quarantine, isolation, and available COVID-19 resources can be found at https://health.ri.gov/covid/

It is important that all students continue to practice effective hand washing, social distancing, and wear face masks when in public places—particularly when indoors. These mitigation efforts can help to prevent the spread of COVID-19 even among those individuals who may be asymptomatic. The people impacted by your actions may not be you but a family member, a person who is elderly or with underlying conditions, or a member of the community.

Lastly, we are rescheduling our Crossing the Stage video and picture session for Monday, June 1, 2020. The group to which you have been assigned will remain the same. Please follow all guidance about arrival time, number of guests, appropriate social distancing, and the wearing of masks at all times on school property, except when preparing to Cross the Stage.

Thank you for working with us to make our senior graduation the best experience possible.

Sincerely,

Jonathan T. Brice

Jonathan T. Brice, Ed.D.
Superintendent of Schools
