

## NEGOTIATIONS GOALS

The purpose and goal of negotiations between the School Committee and its employees' chosen negotiating groups will be to comply with the stated intentions of the legislature to

accord to certified public school teachers the right to organize, to be represented, to negotiate professionally and to bargain on a collective basis with [the] school committee...covering hours, salary, working conditions, and other terms of professional employment....

and to

accord to municipal employees...the right to organize, to be represented, to negotiate, and to bargain on a collective basis with municipal employers...covering hours, salary, working conditions and other terms of employment....
