

PROFESSIONAL STAFF POSITIONS

All professional positions in the school system will be established initially by the School Committee, with input from the Budget/Facilities Sub Committee. The School Committee then delegates to the superintendent the task of creating a job description in harmony with state law and regulations.

A comprehensive set of job descriptions, clearly setting forth for each position the qualifications and responsibilities accruing to it, will be on file in the central office. Each employee will be given a copy of his job description.
