

POLICY IMPLEMENTATION/DEVELOPMENT OF REGULATIONS

It is the function of the administration, operating under the direction of the superintendent, to implement and carry out the policies of the School Committee. It is, therefore, the business of the superintendent to formulate or have formulated the regulations necessary to make the policies of the Committee effective. They must not be in contradiction to state laws, regulations or policies.

Teachers, other employees and all participants under contract are required to observe and implement all policies and regulations of the Committee and administration, as they pertain to each employee's responsibilities.
